ROUND 5 GAMES TO BE PLAYED THIS SATURDAY 15TH MAY

(Game Times are on the back)

President's Message

We have had some good news – the Townsville Council is finally going to enact the Master Plan development of our fields. We have been working on these plans since 2003, with many false starts (and council amalgamations!) so we are very happy that the development is finally going ahead. This year, the council is reviewing the original Master Plan design, and stage one of the development will commence next year. The original Master Plan is on display at the clubhouse if you wish to take a look.

Council reps will be coming to the club on Thursday 13 May, at 4.30 to review the plan with us and take on board any ideas we have. If you have any thoughts, please feel free to email them to me, or come along and attend the meeting.

This is your field, and your club, so please let us know your thoughts

This three-hour informative session will enable participants to receive their **Grass Roots Coaching Licence free of charge.**

Join Bill Mitchell, North Queensland Regional Development Officer, on the Street's Paddlepop and Coutts Redington Chartered Accountants fields (6A, 6B, 6C & 6D)
**Saturday 15 May 2010
11am—2pm**

Optus Small Sided Football is a modified form of 11 a-side football, designed to meet the needs of players between the Under 6 and Under 11 age groups, who have very different developmental characteristics and needs to adult players. The philosophy of Optus Small Sided Football focuses on enjoyment and freedom of expression with limited emphasis on coaching per se, particularly in the formative years of a player's development.

Come along and discover how you can best assist your child/team to enjoy Small Sided Football.
